Treatment package prices

All treatment prices exclude medication costs and freezing of surplus embryos. Price includes HFEA fees and monitoring you may require during the treatment cycle. We do not charge a fee for blastocyst culture. Please note, payment will need to be made in full before treatment commences. Our finance team will contact you to collect payment for the treatment before starting medication. NB. If there is a change in treatment (eg. * IVF may be changed to ICSI as late as on the day of egg collection) the difference in cost will be charged accordingly.

1 In-vitro fertilisation (IVF) cycle** Treatment package 1	£4,300
IVF cycle includes nurse appointment, counselling, scans during ovarian stimulation, egg collection, blastocyst culture (as appropriate), embryo transfer and one early pregnancy scan or a follow up consultation with the consultant.	
2 Intracytoplasmic sperm injection (ICSI)** Treatment package 2	£5,200
ICSI cycle includes nurse appointment, counselling, scans during ovarian stimulation, egg collection, ICSI, blastocyst culture (as appropriate), embryo transfer and one early pregnancy scan or a follow up consultation with the consultant.	
3 Pre-Implantation genetic diagnosis (PGD) Treatment package 3	£12,000
PGD cycle includes nurse appointment, counselling, scans during ovarian stimulation, egg collection, ICSI, blastocyst culture (as appropriate), one embryo transfer and diagnostic genetic work up (Please note this package includes embryo freezing and one year storage of any remaining embryos).	
4 Intrauterine insemination (IUI)** Treatment package 4	£1,300
IUI cycle includes nurse appointment, counselling, scans during ovarian stimulation, IUI, and one early pregnancy scan or a follow up consultation with the consultant.	
5 Un-stimulated intrauterine insemination (IUI)** Treatment package 5	£800
IUI cycle includes nurse appointment, counselling, scans during ovulation monitoring, IUI, and one early pregnancy scan or a follow up consultation with the consultant.	
6 Frozen embryo transfer (FET) cycle** Treatment package 6	£1,600
FET cycle includes counselling, scans, embryo transfer, and one early pregnancy scan or a follow up consultation with the consultant.	
7 Ovulation induction (excluding medication) Treatment package 7	£700
An initial consultation will also be required for new patients.	
8 Surgical sperm retrieval (PESA/TESA) Storage 1	£1,850
Includes one year storage.	

**All post-treatment follow up consultations need to be requested within 6 weeks of treatment or there will be a charge of £150 for a later follow-up consultation.
