

Self-funding price list

Assisted Conception Unit

Self funding treatment is for those patients who are not eligible for NHS treatment and wish to be seen by our highly skilled team. **Please note that payment will need to be made in full before treatment is commenced.**

Consultation and initial investigation fees

Initial Consultation Consultation 1 **£300**

Includes nurse pre-assessment and consultation with a doctor (ultra sound scan, hormone profile, semen analysis)

Follow-up Consultation Consultation 2 **£150**

A 30 minute consultation with a doctor.

Please note the consultation fee is an addition to the treatment packages and must be paid at the time of booking the appointment.

Treatment package prices

All the treatment prices exclude medication costs and freezing of surplus embryos. But include the HFEA fees and monitoring you may require whilst you are having treatment with us. Please note we do not charge extra for Blastocyst culture. Please expect a call from the finance team to collect full payment for the treatment before starting medication.

NB. *IVF may be changed to ICSI as late as the day of egg collection. The difference in cost will be charged accordingly.

1 In-Vitro Fertilisation (IVF)* Cycle** Treatment package 1 **£3,300**

An IVF Cycle includes nurse, counselling, scans, egg collection, blastocyst culture (as appropriate), embryo transfer and an early pregnancy scan or one follow up consultation with the doctor.

2 Intracytoplasmic Sperm Injection (ICSI)** Treatment package 2 **£4,200**

An ICSI includes nurse appointment, counselling, scans, egg collection, blastocyst culture (as appropriate), plus micro injection of sperm, embryo transfer and an early pregnancy scan or follow up with doctor.

3 Pre-Implantation Genetic Diagnosis (PGD) Treatment package 3 **£10,000**

Includes nurse appointment, counselling, scans, egg collection, blastocyst culture (as appropriate), one embryo transfer and diagnostic genetic work up. (Please note this package includes freezing and a years storage of the remaining embryos).

4 Intrauterine Insemination (IUI)** Treatment package 4 **£1,100**

Includes nurse appointment, counselling, scans, treatment and an early pregnancy scan or a follow up consultation with the doctor.

5 Un-stimulated Intrauterine insemination (IUI)** Treatment package 5 **£700**

Includes nurse appointments and counselling, treatment, and pregnancy scan or one follow up consultation.

6 Frozen Embryo Transfer (FET) cycle** Treatment package 6 **£1,400**

Includes scans, embryo transfer procedure and early pregnancy scan or follow up consultation.

****All post treatment follow up consultations need to be requested within 6 weeks of treatment or there will be a charge.**
